e-Treasury: Alerts	4

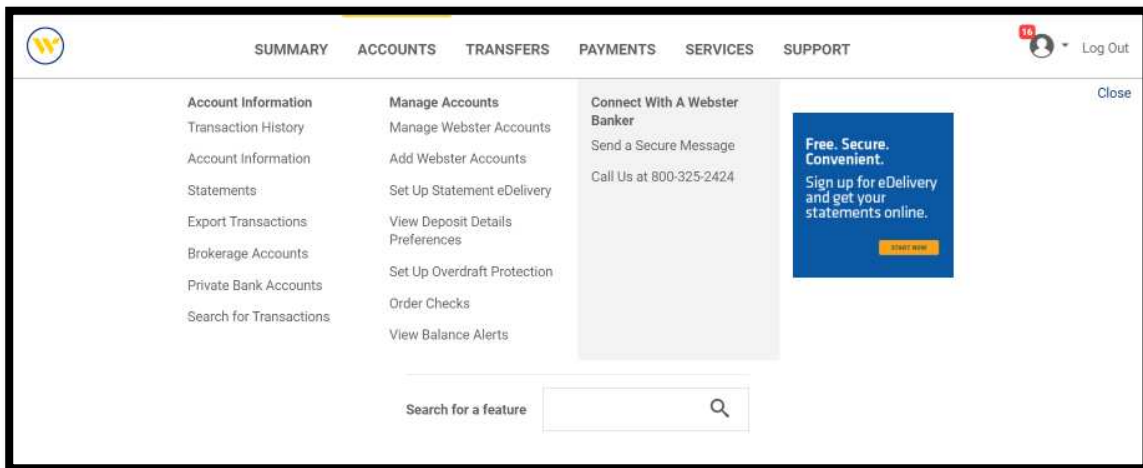

Overview

To facilitate the migration of Webster clients to e-Treasury Business Banking, this document details differences between Webster Online's (WOL) and e-Treasury Business Banking's Alerts functions. Illustrations include user options throughout this feature.

WOL vs. e-Treasury Business Banking Alerts

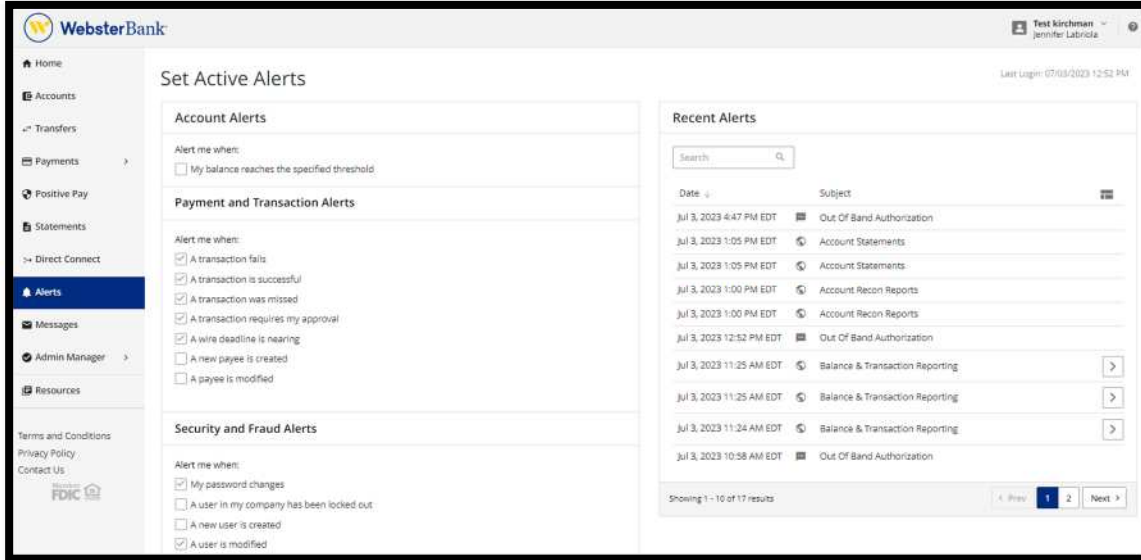

WOL's View Balance Alerts is the equivalent of e-Treasury's Alerts.

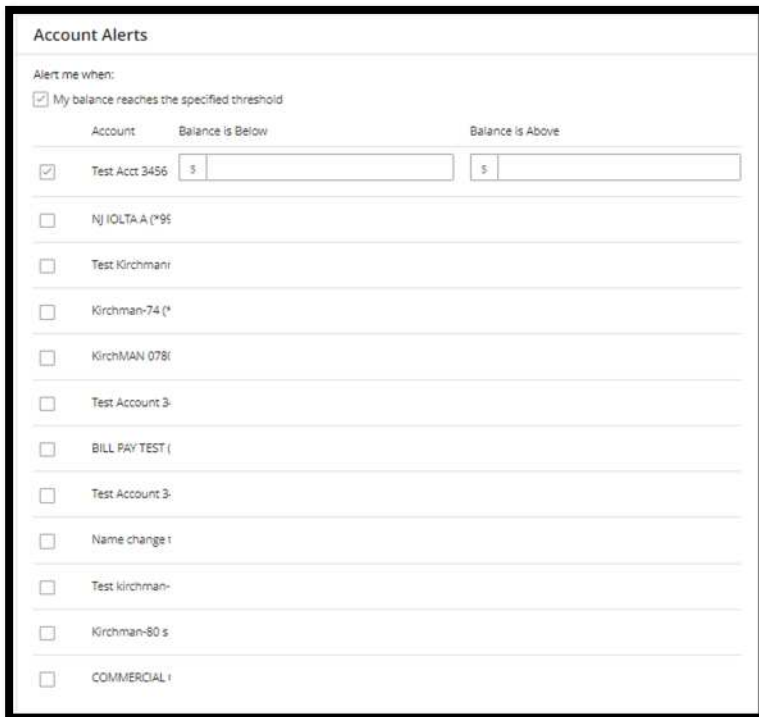

e-Treasury: Alerts

Set up or edit your account alerts by selecting Alerts from the menu.

To set up your balance alerts, select the My balances reaches the specified threshold checkbox, then select the account(s), and enter a value in the Balance is Below and/or Balance is Above field(s). Click Submit.

Under Payment and Transaction Alerts, and Security and Fraud Alerts check the alerts you want to enable.

Payment and Transaction Alerts

Alert me when:

- A transaction fails
- A transaction is successful
- A transaction was missed
- A transaction requires my approval
- A wire deadline is nearing
- A new payee is created
- A payee is modified

Security and Fraud Alerts

Alert me when:

- My password changes
- A user in my company has been locked out
- A new user is created
- A user is modified
- A user's password changes
- A deadline for reviewing items in Positive Pay is nearing
- An Out of Band Passcode is generated for me

You can also view your Recent Alerts. Clicking on the arrow to the right will provide extended information.

The screenshot displays the 'Recent Alerts' section of a user interface. It features a search bar at the top, followed by a table of alerts. Each row in the table includes a date and time, an icon, a subject line, and a right-pointing arrow. Below the table, it indicates 'Showing 11 - 17 of 17 results'. A 'View Alert' pop-up window is overlaid on the right side, showing the details of a selected alert. The pop-up contains the text: 'Webster Bank, N.A. You are now enrolled to MB Alerts, # alerts varies/user. Send HELP for help. Send STOP to opt out. Msg/data rates may apply.'
